PITTSBURG, Pa., March 24.-The Carnegie Company's lawyers assembled this morning in the room of the company's Board of Managers and as soon as word was telegraphed from Trenton that the charter had been granted, they began the work of transferring the old Carnegie Steel Company and its constituent companies to the new corporation. The work was completed in the afternoon. The suits brought by H. C. Frick and the H. C. Frick Coke Company against the Carnegie Steel Company will be withdrawn shortly. It is known that Andrew Carnegie was specially angry at the charges of fraud brought in the bill of equity filed by Mr. Frick, and he characterized them as an effort to blacken his character arguing that Mr. Frick could have gone into the equity suit to obtain his rights without stigmatizing as fraudulent Mr. Carnegie's actions in carrying out the provisions of the famous iron-clad agreement.

Riker.: New York, 147; Josiah Ogden Hoffman,

In the compromise drawn up, Mr. Frick Frick withdraws his suit he will file in the Prothonotary's office a paper in which he may explain in one or the may say that from information received and from his understanding of certain circumstances he arrived at the conclusion that a fraud on him was intended, but he has since learned he was mistaken in his judgment. He may on the other hand say that in his bill of complaint he meant to charge that if the famous iron-clad agreement should be enforced against him on the lines laid down by Mr. Carnegie, its effect on him would have been what the lawyers call "resultant fraud," but that he really did not mean to impugn Mr. Carnegie's motives.

#### THE DEWEYS IN ST. AUGUSTINE. Reception to the Admiral and His Wife at

the Ponce de Leon. St. AUGUSTINE, Fla., March 24.-Admiral Dewey and Mrs. Dewey arrived here at 2:30 this afternoon, thirty minutes ahead of schedule. They were received by Lieut.-Cen. Schofield, Brig.-Gen. W. M. Wherry, Major Scantling, Second Artillery, and Capt. Henry Marcott, U.S.A.; Mr. Robert Murray, manager of the Ponce de Leon Hotel, whose guests Admiral and Mrs. Dewey are for three days, and Mr. James E. Ingraham, representing Mr. Henry M. Flagler. Seventeen guns on top of the hotel were fired by Mr. Clarence B. Knott. The distinguished guests were driven to the hotel, where througs of people, representative of about all the cities of the United States, greeted them. The hotel and grounds are beautifully filuminated. The guests are to have their own sweet way in everything. Mrs. Schoffeld and Mrs. Ingraham took charge of Mrs. Dewey. They have the President's suite in the Pence de Leon. A series of receptions will follow.

Jacksonville, Fla., March 24.—Admiral and Mrs. Dewey held two short informal receptions here, greeted the public and went to St. Augustine. They were met at the depot at 10 o'clock this morning and escorted to the Windson Hotel. The streets were lined with enthusiastic, shouting people, and when the band struck up "Dixia" the uprour was deafening. At the Windson a public reception was held for an hour. The hall was too narrow for the mass of people who jushed to get in and several women fainted in the struggle.

Luncheon was served at 12:15. At 12:40 o'clock the Admiral and his secent arrived at the armory and went to the drill hall, where an informal reception was held. Each company was presented to the Admiral, who had a the Ponce de Leon Hotel, whose guests Admiral

### ATLANTA DIDN'T WANT DEWEY.

No Invitation to Visit It This Time Because

of a Pormer Reconsideration. ATLANTA, Ga., March 24.-Atlanta gave Admiral Dewey the cold shoulder on his Southern trip. It will be remembered that shortly after Dewey arrived in America from Mantla Atlanta sent a delegation representing the city to Washington to extend a cordial invitation to him to visit Atlanta. The invitation was accepted. On the day before the expected arrival of Dewey a telegram came saying that he would be unable to make the visit. Further than to announce that the Admiral was indisposed, the message

that the Admiral was indisposed, the message gave no reason for the declination of the visit and to this day no further explanation has been given.

When Dewey decided to come South on an invitation from Macon and Savarnah, members of the Georgia delegation in Washington approached him, or were approached on the subject of the Admiral visiting Manual Lisk known that the telegrams came from Congressiman Livingston, Senators Clay and Facon, addressed to promine at Atlantians including Mayor Washingston, Polygon want Dewey to visit Atlanta now?" said the messages. We do not want Dewey now," was the reply that went back to Washington.

That is why Dewey's party turned back at Macon and refraced their route to Savarnah and Jacksonville, giving Atlanta a wide berth. Mayor Woodward said this moreing that Dewey got no official invitation to visit Atlanta at this time has present the Mayor the Atlanta at this time has present the Mayor the Atlanta at this time has present the Mayor the Atlanta at this time has present the Mayor the Atlanta at this time has present the Mayor the Atlanta at this time has present the Mayor the Atlanta at this time has present the Mayor the Atlanta at this time has present the Mayor the Atlanta at this time has present the Mayor the Atlanta at this time has present the Mayor the Atlanta at this time has present the Mayor the Atlanta at this time has present the Mayor the Atlanta at this time has present the Mayor the Atlanta at this time has present the Mayor the Atlanta at this time has present the Mayor the Atlanta at this time has present the Mayor the Atlanta at this time has present the Atlanta at this time has present the Atlanta at the same the Atlanta at this time has present the Atlanta at this time has present the Atlanta at the same the Atlanta at this time has present the Atlanta at the same the Atlanta at the sam Mayor woodward said thes morning that Dewey got no official invitation to visit Atlanta at this time beganse the Mayor thought he treated Atlanta alsourteensiy in her former invitation and furthermore, the Mayor said, the non-appearance of Dewey at Brumby's funeral was not pleasing to the people.

The sale of the bric-à-brac, relics, mementos and books brought together in one collection by the late Augustin Daly has already brought in the amount well above \$100,000, and the sale, which has been in progress throughout the last week at the American Art Galleries. conducted by Thomas E. Kirby as auctioneer, is not nearly over. There have been disposed of 3,401 catalogue lots, and really somewhat more for there were many A. B. volumes one after another for gavels, banging them down on the desks in a way to make the bibliophie shake in his chair.

There was an interruption of an unusual character, but a very brief one, in the early part of the afternoon session. Sheridan knowles's Works (B21 of the catalogue), the Mackenzie copy, which sold in London in 1889 for £31, one of only twenty-five copies printed at the Whittingham Press, was up and was knocked down to J. O. Wright at \$70, whereupon a man arose in the audience and addressed the suctioneer. He protested, he said, against the book being awarded to Mr. Wright, as Mr. Wright—who was sented, as he has been throughout the sale of the books, at the side of Mr. Kirby—had no right to be there as an assistant anctioneer and bid on books. When the objector had finished his speech Mr. Kirby said:

"Your name and address, sir, please?"

The man answered that he was J. Malkan of Mr. Kirby then informed the was J. Malkan of Mr. Kirby the Mr. Kirby then informed him that Mr. Wright, who is a well-known dealer, was not an assistant auctioneer, and was not acting in that capacity. He explained that Mr. Wright had represented the executors of Mr. Daly's estate in the preparation of the catalogue, and that because of his familiarity with the books so gained, he was making himself very useful in seeing that the books were in proper order as they were passed up to the auctioneer. Mr. Kirby, turning to the audience in general, as mey were passed up to the auctioneer. Mr. Kirby, turning to the audience in general, asked if it was the desire that Mr. Wright step down, or if those present wished that he continue to act as he had been doing. The audience applauded Mr. Kirby, and demanded that Mr. Wright remain. To Mr. Malkan Mr. Kirby said:

Mr. Wright remain. To Mr. Malkan Mr.
Kirby said:

"You have a voice, sir, we have heard it, and
if you wish to bid and do not want to use it,
you have a catalogue which you can raise. If
you think I may have difficulty in seeing you,
you may bring your chair and sit right down
here in front where I can certainly see you."

The audience applanded Mr. Kirby again
with vigor, and Douglas Taylor got up and
asked to be allowed to say a few words. He has
been a constant attendant at the sale of the
books. He said that he wished to say that he
had noticed that when Mr. Wright bid en a book
Mr. Kirby imgered longer on Mr. Wright's bid
than he did on that of any one else, giving ample opportunity for any one to advance the bid.
Others in the audience were ready to testify to
this and Mr. Taylor was applauded.

Mr. Kirby, who had kept track of the bid,
cried it again; there was no advance and he
knocked theilot down to Mr. Wright pronouncing his name slowly and distinctly. Mr.
Wright then asked Mr. Malkan if he wanted
the books. Mr. Malkan did not, and the incident was clossed. Mr. Malkan subsequently
made some purchases.

Known Painting Photographed Any More. MARBLEHEAD, Mass., March 24,-The good folk of this old fishing town have long taker

pride in the possession of the historic painting entitled "Yankee Doodle, or the Spirit of '76," which was painted for exhibition at the Centennial, by A. M. Willard of Cleveland, Ohlo. The picture was purchased by tien. John H. Devereux of Cleve land, who was formerly a resident of Marblehead. Gen. Devereux paid the artist \$20,000 head. Gen. Devereux paid the artist \$20,000 for the painting and presented it to this bown. "In memory of the brave men of Marbichea's who have died in battle on sea and land for their country."

The canvas is about 15 feet by 12 and represents a father, son and grandson playing fits and drums. The picture was hung in the reading-room of Abbott Had, and in year-past visitors have always shown great interest in this work of art. Of late, however, the camera flends have been taking view and lave made reproductions which failed to give any adequate idea of the beauty of the picture. The townspectle of pected strongly to these caricatures and determined to put a stop to 14. At an adjourned towa meeting last night the citizens voted not to permit any further copy, not of the picture by means of pholographic apparatus.

It marks the beginning of the golden days of her career, and it showed first her splendid capacity for the rôles with which she has been identified during the past few years. She was in good voice yesterday. Her treatment of the character has increased in breadth of style and she is an admirable looke from every point of view.

M. Van Dyck repeated Triston yesterday practically as he sang it at the first performance two weeks ago. He was again in better vocal condition than usual, and he was more effective in those parts of the score suited to his declamatory delivery. Dramatically his performance cannot be too highly pracised. Every detail of his achievement in that view of it must be commended as the ultimate possibility of what could be done with the rôles.

MM. Van Booy, Edouard de Reszke, Pringle, and Breuer, and Mile, Olitzka had the other rôles. Emil Paur was again guilty of overwhelming the singers with the volume of tone he produced from the orchestra.

Mozart's "Le Nozze di Figaro," was sung in the evening. Mmes. Eames and de Lussan and MM. Campanari and Pini-Corsi were in their accustomed places. The singers new to their parts were Mme, de Vere and M. Durriche. PHILADELPHIA SHY \$50,000 STRUGGLE TO COLLECT THE FUND FOR REPUBLICAN CONVENTION.

The Mayor Appoints Jacob J. Seeds Chairthe Executive Committee Regarded as a Direct Fling at the Manufacturers' Club and Will Be Resented. PHILADELPHIA, March 24. - The struggle of

the Mayor of this city and those allied with him, to collect the fund of \$100,000 promised convention, has resulted in placing Philadeltaken by the Mayor to-day, in naming Jacob J. Seeds, chairman of the Finance Committee of City Councils as chairman of the Executive Committee that will have charge of the arrangements for the convention, is a direct fling at the members of the Manufacturers' Club and was made in the face of promises, expressed and implied, that W. S. P. Shields, chairman of the committee that went to Washington and secured the convention, should be chairman of this most im portant committee. No reflection can be cast upon the ability or integrity of Mr. Seeds, but that he will have a hard row to hoe is the general opinion here, and the opinion is warranted Not withstanding the attempts of the Mayor

There is going to be no trouble over the contributions to the national campaign fund. Of course, there may be a little screness now. But men are not so petty as people some-But men are not so petty as people sometimes try to make them out to be. These gentiemen may say to-day. No, we wont contribute to the campaign, but when the time comes they will contribute just the same. I have been through it myself. Why, I remember that Bob Ingersoil and I, in 1876, after the convention, went around vowing we would never more work again for the good of the Republican party. And, one week later, Ingersoil was on the stump and I was working like a beaver. Philadelphia will do more than the National Committee expects of her. She will contribute generously to the campaign fund: of that I have not the least doubt. She will have all these visitors here and will spread herself to entertain them royally. Things are going to

Wright and Shaw, who have the contracts, respectively, for the engravings of tickets and for the convention badges, received final instructions to-day from Chairman Maniey. It is bringing into use thousands of pianos that have been silent for many years.

TT IS MAKING PLAYERS of people who, lacking musical training, had never expected to experience the pleasure of producing music

It is increasing the repertoire of amateur and professional pianists by making the entire literature of the piano instantly available without study and without practice. The Pianola looks like a small cabinet. It has small felt-covered

fingers that rest upon the keys of the piano and, operated by pneumatic power, strike the keys with a pliant, yielding and remarkably sympathetic touch that is almost identical with that of the human fingers. When not in use the Pianola may be easily detached from the

piano and moved to another part of the room. The Pianola can be used in connection with any grand or upright piano and does not in any way mar or disfigure the instrument. It can

be easily and quickly adjusted by any one. The action of the Pianola is so simple that even a child can readily learn to play it. At the same time it is capable of so much expression that its greatest admirers are those who best understand and appreciate good music.
